🐙 github.com/Atulkumar-SE

Summary — Frontend Developer with 2+ years of experience and a strong eye for UI/UX, specializing in building responsive, high-performance web applications using React.js, Next.js and MERN stack — Adept at complex API integrations, component-based architecture, and performance optimization to deliver scalable, user-centric web solutions.

Skills

Languages & Core

JavaScript (ES6+), TypeScript (Basic), HTML5, CSS3, SCSS

Backend

Node.js, Express.js, REST APIs, JWT Authentication, MongoDB, MySQL

Tools & Deployment

Git, GitHub, Axios, Debugging, Vercel, Netlify, Postman

Frontend Development

React.js, Next.js, Tailwind CSS, Chart.js, Bootstrap, Cross-Browser Compatibility

State Management

Redux Toolkit, React Query

Cloud & AI

AWS Lambda, OpenAI, Antigravity, Copilot

Experience

LCNC Technologies Pvt. Ltd. (Drapcode)

Jan 2024 – Apr 2026

Software Developer, Noida

- Played a key role in developing a FinTech LOS/LMS web application, building scalable, component-based UI architecture that improved client satisfaction by 40% and boosting conversion rates by 25%.
- Integrated complex third-party APIs (Account Aggregator, eNACH, DocuSign, EMI flow) into modular frontend interfaces, automating manual financial workflows and reducing manual effort by 60%.
- Leveraged AWS Lambda for seamless backend automation while developing responsive, mobile-first frontend layouts optimized for Core Web Vitals and intuitive UX.
- Collaborated on component libraries, code reviews, and documentation; utilized AI tools (Claude, Cursor, Copilot, Figma AI) to accelerate development cycles and reduce delivery time by ~20%.

Lintas Infosystem Pvt. Ltd.

May 2023 – Jan 2024

Software Developer Executive (Trainee), Noida

- Built and maintained responsive MERN stack web applications integrated with PHP-Laravel APIs, optimized page load times, code scalability, and overall application performance.
- Translated Figma designs into clean, reusable React components following a Figma-to-code workflow, ensuring consistent UI across devices with optimized CSS architecture and manual testing.
- Collaborated with back-end teams on API integration and state management, following SDLC best practices and delivering front-end modules on time across Agile sprints.

Kube

June 2022 – Oct 2022

UI/UX Designer (Intern), Noida

- Designed intuitive mobile application interfaces and visual digital assets using Figma and Adobe Photoshop, resulting in a 30% increase in user retention metrics.
- Developed low-to-high fidelity wireframes, interactive prototypes, and user flows to establish cohesive branding and digital product identity.

Personal Projects

Portfolio

- Developed and designed a responsive personal portfolio using React.js and Tailwind CSS, optimized for SEO and performance — showcasing UI wireframes, Figma mobile designs, and personal web design projects.

Education

Mangalmay Institute of Engineering and Technology (AKTU)

2019 – 2023

B.Tech – Computer Science and Engineering

Greater Noida, India

Certification

Web Development-Ducat

| Diploma in Computer Application

| [UI/UX-Great Learning](#)
